Dear Friend,

Wishing you all well in this wonderful spring of transition. There is a challenge in my life that I am asking for your help and I am hopeful that you will join the challenge with me.

April 1st will be a culmination of 50 years of scholarly work- created exclusively for you. It is an integration between the holistic outer world and the wonder of our consciousness. The goal of this marathon livestream experience is to provide you real-life solutions to today's most pressing problems.

You'll find all the details describing the upcoming event on my fresh new website TheHiddenMonks.com. Registering there will direct you to subscribe to our YouTube™ Channel "The Hidden Monks". **We need to get a 1000 subscribers by the 31st of March and would ask for your help.**

Here's how you can help:

1. **Subscribe to our YouTube channel. Very Important!** [Click here](#)
2. **Save the date April 1, 2021** and look for an email from me with more details.
3. **Spread the word** to everyone you know and care about by sharing TheHiddenMonks.com
4. **Contact or call in to radio hosts and others.** Mention it on the air and ask others to do the same.

This will be my best work ever in one place. I'll be guiding you to make sense out of the big picture. Lots of real solutions big and small!

The world *seems* to be in disarray. I have been working on several concepts as I have begun to reevaluate our position in impacting change in the world.

We are setting a new direction for Earthpulse and the work we do. We move forward with optimism and great hope for our shared future. In the midst of the doom and gloom we keep hearing from many quarters this is, above all, a period of change.

Fear is not the right thing to be generating as this solves nothing and only serves to amplify what is wrong in the world.

Here's my vision for the broadcast. Please visit TheHiddenMonks.com for the video broadcast where I explain more and give you some of "The Keys" you will receive when you join me on Thursday, April 1st.

A New Vision for Change - Keys to Greater Wisdom

I have studied for fifty years as a scholar: reading, exploring the world, meeting and maintaining relationships with some of the most amazing people. It has been central to my life's purpose to be a speaker, a voice for innovation and a voice for others.

Courage, character, honesty, humility, empathy and love are the driving forces that can power the passion needed to take us to our highest possibilities.

This livestream experience is intended to begin to introduce a **World View** not driven by complaint, but driven by heart and solutions that work.

We will start with the human person as related to realizing their own enlightenment as judged by each person. Tools and keys for transformation will be delivered in a free ten hour live stream broadcast beginning at 12:00 noon Eastern Standard Time.

To begin, the conversation that on April 1st, 2021 will cover: privacy, mind control, media manipulation, political manipulation, economics, current world affairs, ways to engage and reshape the world.

Practical doable steps and things that will excite every viewer. All of the many subject matter areas I have covered in the last half a century will be integrated and a **New Vision** of possibility delivered. An exceptional team dedicated to bringing my message to you has come together for this once in a lifetime event as we launch into a new direction to help build a new earth.

Join me and our team as we close out my last fifty years of research, and in a comprehensive way address our shared future. A **New Vision** that we can all create together within our individual lives to change our shared world.

Thank you for your kind consideration.

Now Remember to help us spread the word! Thank you all!

Love Ya,
Nicholas
